

Gentlemen:

You are invited to come to South Florida and experience the lack of variety in the radio programming. It is embarrassing to admit that we no longer have a classical station. I enjoy XM radio every day, and stongly oppose any attempts to limit its scope or content. As a subscriber, I expect to get what I pay for, and it is up to XM to provide quality content that will keep that monthly fee coming out of my wallet.

It is objectionable that an organization such as NAB (whose members are not meeting my needs) is trying to stifle a company as creative as XM. Another example of America being short-changed by fawning lobby groups in the service of mediocrity.

Please reject NAB's petition 04-160.

Sincerely,

Darryl Moseley
